Washington State Fair – Farm at Sillyville Supervisor

The Washington State Fair is opening a new exhibit to engage children in agriculture through play. The Farm at Sillyville is Washington's food and farming story: a free, exciting, hands-on exhibit at the Washington State Fair that connects kids and families to our state's agriculture industry, the farmers that produce the food we eat and the connection to healthy eating choices. From feeding chickens to harvesting vegetables, The Farm at Sillyville is a "farmer for a day" experience in a highly stylized environment that teaches young children farming concepts by igniting their imaginations in this 1.5-acre farm.
