Have you ever imagined  
a world where every single  
ad was relevant?

We have.

## About us

---

RTB House is a global company that provides state-of-the-art marketing technologies for top brands and agencies worldwide. Its proprietary ad-buying engine is the first in the world to be powered entirely by Deep Learning algorithms, enabling advertisers to generate outstanding results and reach their goals at every stage of the funnel.

The company's AI-based product offering includes personalized retargeting solutions and pure branding campaigns with ultra-effective Video Ads. RTB House is committed to creating a better future for online advertising by delivering innovative and effective technology that prioritizes the consumer and is kinder to advertisers' budgets. Its highly personalized ads create more engaging online experiences, and its solutions appreciate the right to privacy and respect users' online choices.
