

T8 15W REWIRE

The EnVision 15W T8 ballast bypass tube achieves 120lm/w and light beam spread that replicates a fluorescent look. This bulb only works without a ballast and needs to be wired single sided. EnVision also carries a conversion kit to retrofit an 8ft fluorescent to two 4ft LED's.

Applications:

- Warehouse Lighting
- Parking Lot Lighting
- Commercial Lighting

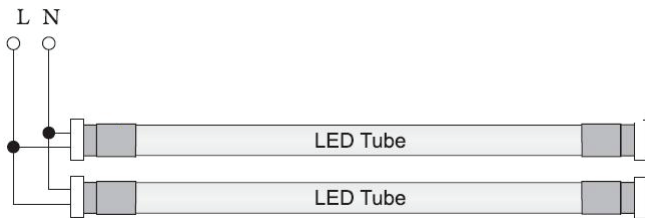

Product Information:

- Increase energy savings
- Standard size of 4 Foot Fluorescent
- Suitable for use in existing fixtures
- Rewire direct to AC power single sided connection.
- Use of Sanan LED Chips to ensure reliability

Why pick the EnVision T8?:

- Average life (L70) of 50,000 hours with chips that are tested with LM-79 and LM-80 compliance
- Light beam spread replicates the same look as a fluorescent, but with improved light output and efficiency
- T8 Bulb is tested 120 hours before being boxed and shipped
- 5 Year Limited Warranty
