

# Wall Mounted x SILVAIR Enabled

Item

**S-WS-120V-USB-SL**

Project: \_\_\_\_\_ Part #: \_\_\_\_\_  
Type: \_\_\_\_\_

Sensors

S-WS-120V-USB-SL allows for automatic lighting control for a variety of indoor applications. It utilizes a Bluetooth® Low Energy (BLE) mesh network. Commissioning can be set through the SILVAIR mobile app or desktop site.

## Detail Specifications:

- Input Voltage: 120V
- Operating Temperature: -4-131F°
- Finish: White
- Max Bluetooth Range: 100' line of sight
  - Highly dependent on surrounding environment
  - Bluetooth test recommended for range accuracy
- IP Rating: IP20 Dry Location

## Applications:

- Commercial & Industrial
- 0-10V Dimmable Fixtures

## Product Information:

- Two sockets and one usb port
  - One is always on
  - One is controlled by SILVAIR
- Magnetic Reset: touch the top part of the sensor for 5 seconds
- Include parameter profiles, dimming control, real-time sensor feedback
  - View our SILVAIR guide for full features

## Mounting & Installation:

- Single-gang wall box
- 30ft @ 4ft mounting height
- Connect up to 3,000 devices on a zone

## Certifications:

- UL Listed for USA and CA
- DLC NLC Listed ID NSLVR23CNTRL
- Bluetooth
- Approved for CA T24
- 5 Year Limited Warranty
- FCC CFR 47, GCC Part 15, Subpart B:2017
