Receptacle

Emergency Backup: Safety first!

Our emergency backups are built into the fixture with a seamless design.

Test Button: This feature is essential for ensuring systems will function properly during a power failure.

Applications

Schools

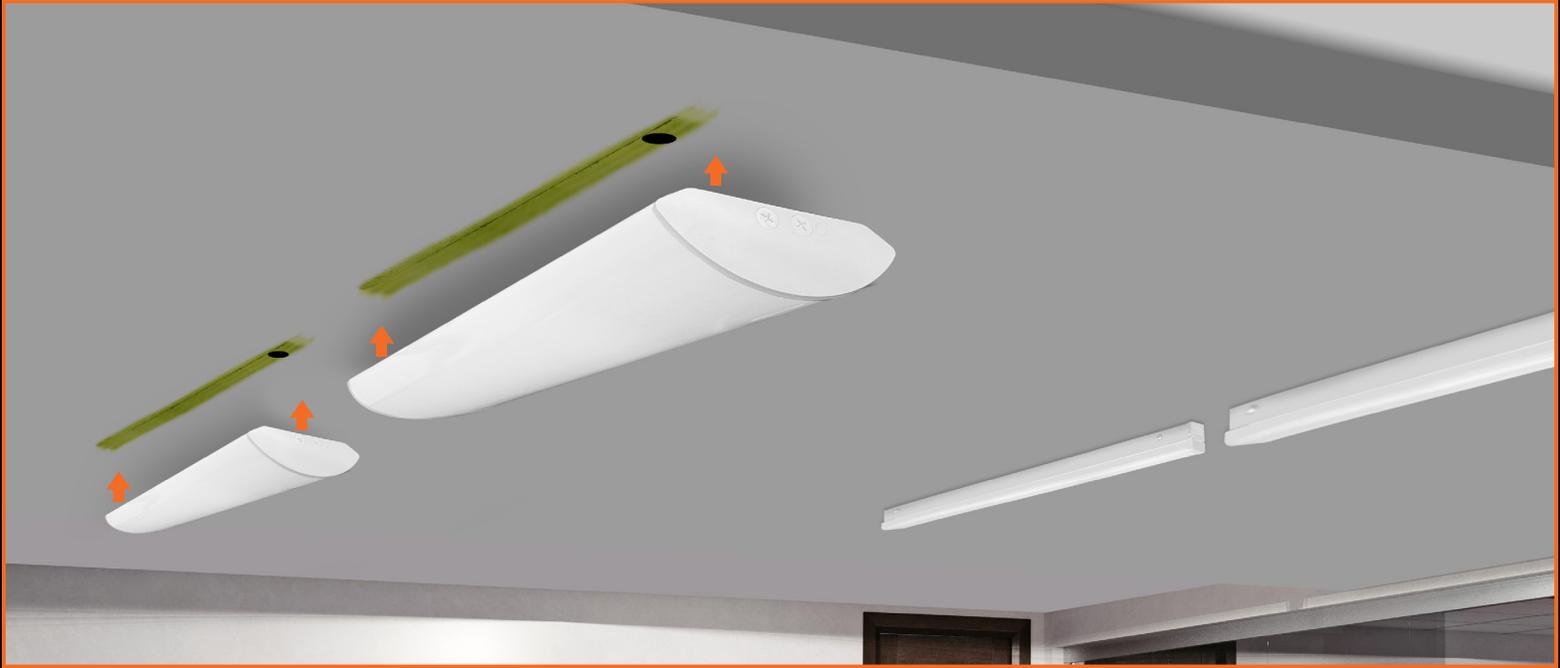

Closets

Hallways

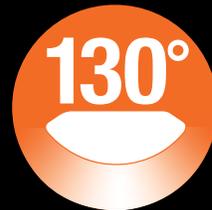

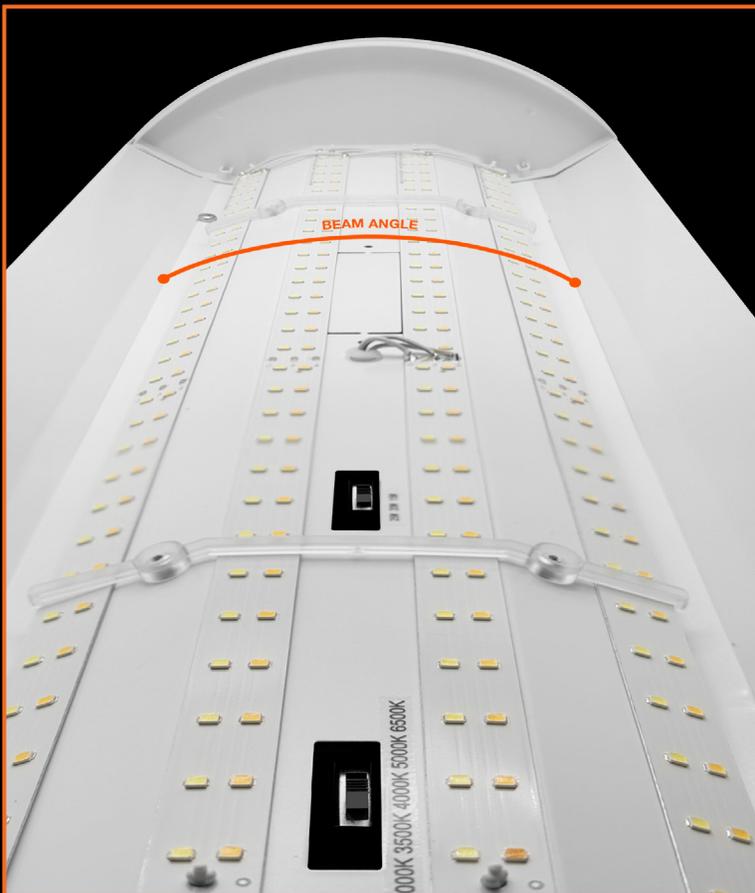

Fixture Replacement

Save Time & Labor:

Mount directly over existing surfaces. No patching, no painting, no downtime. Get quick results that lower installation costs and time.

Beam Angle

This extra-wide distribution minimizes dark spots and harsh contrasts, making it ideal for general ambient lighting. The wider beam ensures lower glare and softer edges, creating a comfortable visual environment.
