

For the important things in life

# HOLIDAY PARK SPA COLLECTION

# UK HOLIDAY PARK COMPLIANT

Designed for HSE HSG282 compliance including in line water dosing and auxiliary controls.

# INSULATED TO COST LESS

Multi-layered insulation helps keep heat in and energy cost down.

Heat pump ready control pack and plumbing with thermal tuning means our spas can run efficiently on the energy source you choose.

# EASY WATER CARE

Wide mouth filtration designed to keep water in peak condition. An automatic UV and Ozone system supports water sanitisation and clarity which reduces chemical dependency to further reduce running cost.
