

UNDERGRADUATE CERTIFICATE OF BIOSECURITY*

About the course

Combine your interests in agriculture, animals and plants with science and enjoy a rewarding and practical career in bioscience. Box Hill Institute's Undergraduate Certificate in Biosecurity, is the only dedicated undergraduate certificate course in biosecurity offered in Australia. It is also a study pathway into the Bachelor of Biosecurity Science, which is also the only dedicated biosecurity degree offered in Australia.

In this course, you will gain the skills and knowledge to:

- > protect our farms, livestock and crops from pests and disease
- > implement biosecurity surveillance and monitoring methodologies
- > prepare and communicate plans for emergency response to biosecurity threats

This course runs in association with Box Hill Institute's Biosecurity Centre of Excellence. Studying online, you will learn specialized biosecurity surveillance and monitoring, and expand your understanding of biosecurity science and regulation. The course will provide you with a foundation in Australian agriculture, the biosecurity continuum and research methods.

Duration | Tuition Fee

6 months | Tuition Fee: A\$9,755.00

Entry Requirements

- > Australian Year 12 completion or International equivalent
- > IELTS 6.0 or International equivalent recognised by the Institute
