Overview of VETDSS

VET Delivered to Secondary Students (VETDSS) has become an increasingly important component of the Victorian Certificate of Education (VCE) and the Victorian Certificate of Applied Learning (VCAL). Offering students nationally recognised qualifications that contribute to the VCE or VCAL. These programs are industry relevant, practical and delivered by trainers who are recognised as experts in their field.

Offering students pathways to further study and employment outcomes, VETDSS is designed to provide modern and responsive programs delivered within a supportive environment.

In partnership with over 200 secondary schools, Box Hill Institute is proud to offer the broad selection of courses contained within this guide.

Program Options

VETDSS can be used in many ways to suit the needs of secondary students.

VCE VET programs

Qualifications approved by the Victorian Curriculum and Assessment Authority (VCAA) are designated as VCE VET programs and are integrated into both VCE and VCAL curriculums so that upon completion of Year 12 a student will receive a VET qualification and their Senior Secondary certificate.

Some VCE VET programs offer scored assessment and most provide structured workplace learning and recognition. This is clearly stated on each program page.

School-based apprenticeship and traineeship (SBAT)

VCE or VCAL students are also able to select a school-based apprenticeship or traineeship (SBAT). These qualifications combine regular school attendance with at least one timetabled day per week spent on the job or in training. Not only does this provide practical experience in the workplace supported by structured training, but also provides a wage while still at school.

Block credit recognition

Students who undertake Vocational Education and Training (VET) or further education qualifications not included in approved VCE VET programs or school-based apprenticeships and traineeships may be eligible for credit towards their VCE or VCAL through block credit recognition. Credit may be available for full or partial completion of a nationally recognised qualification.

Overview of VETDSS

Educational Support

Under section 32 of the *Disability Discrimination Act 1992 (Cth)*, education providers must comply with the Disability Standards for Education 2005. The Disability Standards for Education 2005 set standards for education and training providers, Victorian government schools. To comply with the Standards education providers must make 'reasonable adjustments' to accommodate a student with a disability. RTOs must comply with the Disability Standards for Education 2005.

School Based Apprenticeships and Traineeships

School Based Apprenticeships and Traineeships (SBATs) are available and enable students to combine a senior secondary school certificate with part time employment and training. For further information and program options, please contact the Schools Relationship Unit at schools@boxhill.edu.au

Skills and Jobs Centres

Skills and Jobs Centres are the first port-of-call for students looking to start training, and offer a range of support services for individuals and businesses.

Skills and Jobs Centres offer advice and a range of services including:

- › apprenticeship and traineeship advice
- › referral to additional service providers offering welfare support and financial advice
- › job search skills and resume preparation assistance

- › assistance to identify existing skills with the opportunity to formalise these through Recognition of Prior Learning (RPL)
- › access to information on employment trends, industry areas with skills shortages and employment opportunities
- › assistance with career and training plans, identifying training qualifications that could be undertaken to make a successful career transition.

Structured Workplace Learning (SWL)

Structured workplace learning is on the job training during which a student is expected to master a set of skills or competencies, related to a course accredited by the Victorian Registration and Qualifications Authority (VRQA).

These courses are VET programs undertaken by VCE or VCAL students. The VCAA has determined that structured workplace learning is an appropriate and valuable component of all VET undertaken by VCE and VCAL students. Structured workplace learning complements the training undertaken at school or at an RTO and should be spread across the duration of the training program.

It provides the context for enhanced skill development, practical application of industry knowledge, assessment of units of competence/modules, as determined by the RTO and increased employment opportunities.

Veronica Reynoldson

VETDSS Student of the Year Award

The gift of a sewing machine from her grandma sparked Veronica's interest in fashion and a year after receiving it, she enrolled in the Certificate II in Applied Fashion Design and Technology (MST20616) at Box Hill Institute, which she completed in October last year. Her dedication to her studies led Veronica to receive the VETDSS Student of the Year award at Box Hill Institute.

"I was surprised to find out I won. I squealed just a little bit. I was excited to even be nominated. I feel proud of my work and lucky to have participated in my course. What a positive way to end such an amazing learning experience," she said.

Veronica was in year 10 when she started the Certificate II course. She said, "I was pretty set on fashion and wanted to do it properly. Doing a course at Box Hill Institute was very appealing. Five hours of sewing and fashion design a week instead of school? Sign me up!"

During her course, she developed a passion for sustainable design. She wants to have a positive impact on fashion, which has a reputation as a wasteful industry. Veronica became very curious about upcycling after Barbara Niglio, a sustainability fashion teacher in her first year, brought an inspiring portfolio of her work into class.

In her second year, teacher Irene Kounelis took the students through the sustainability unit, which provided great insight into the subject. Veronica said, "It was amazing to have two teachers that could offer such a wealth of information and experience on the subject I found most resonated with me. Keeping in mind what I have learnt about, sustainability is a huge focus in my own projects now."

Veronica never completed her work with awards or praise in mind. She just has a genuine passion for the work and wanted to learn as much as she could. She loved her teachers and her classes and naturally, her work reflected that. She said, "When you apply yourself with genuine interest and devotion to a subject, it gets recognised and it will be respected."

Another great part of studying at Box Hill Institute for Veronica is the fact that she can learn in an adult environment, which she finds refreshing, and she took advantage of getting one-on-one time with her teachers. "I enjoyed being trusted to work independently and developing a strong connection with my teachers," she said.

Box Hill Institute has equipped Veronica for the workforce and she now has a job that requires her to draw on the skills she gained through her course. She said, "I have learnt so much at Box Hill Institute, including becoming familiar with an adult way of learning and a working environment, which I'm sure will serve me well. I feel confident using my skills as building blocks for my future career and study."

Location Box Hill– Nelson Campus

Course Length

Part time: 2 years

Class Day and Times Wednesday 9:00am–12:30pm

What Does This Course Involve?

The VCE VET Community Services program aims to provide participants with the knowledge and skills to achieve competencies that will enhance their employment prospects within a broad range of Community Services related industries.

Entry Requirements

This course can only be completed as part of your secondary school studies in years 10, 11 and 12. You must have the approval of your school to enrol in the course. Please note that you must have completed all units in Year 1 at Box Hill Institute to enrol in Year 2.

Study Pathways

This is a partial completion program. Students must complete the Certificate III in Community Services (CHC32015) if they wish to apply for entry into another Community Services program such as Certificate IV in Youth Work (CHC40413) or Certificate IV in Disability (CHC43115)

Career Outcomes

After successful completion of this course, you may apply for roles as a community services worker who provides the first point of contact and assists individuals in meeting their immediate needs. At this level, work takes place under direct, regular supervision within clearly defined guidelines.

Contribution to VCE, VCAL and ATAR

This stream will not contribute towards the ATAR.

This program contributes to the Industry Specific Skills Strand of VCAL and may contribute to the Work Related Skills Strand of VCAL.

Structured Workplace Learning

Contribution to VCE, VCAL and ATAR

Students wishing to receive an ATAR contribution for the scored Units 3 and 4 sequence of VCE VET Community Services must undertake scored assessment for the purpose of achieving a study score. This study score can contribute directly to the ATAR, either as one of the student's best four studies (the primary four) or as a fifth or sixth study. Where a student elects not to receive a study score for this Units 3 and 4 sequence, no contribution to the ATAR will be available.

This program contributes to the Industry Specific Skills Strand of VCAL and may contribute to the Work Related Skills Strand of VCAL.

Structured Workplace Learning

The VCAA strongly recommends a minimum of 60 hours of placement per year for this VCE VET Community Services program. Schools and providers should note that the new CHC training package mandates specified hours of work for some units of competency and qualifications. Placement duration and/or conditions may be stipulated to gain competency for the unit or to complete the qualification. Where placement is not undertaken, and is required as part of the assessment requirements, competency cannot be deemed. Where the training package requires placement, this can be used to satisfy the VCAA SWL placement requirements for the program.

This course can only be completed as part of your VCE or VCAL program in Year 11 and 12. You need to have successfully completed Year 10 and have the approval of your school to enrol in the course.

Study Pathways

You may wish to apply for entry to the Certificate IV in Live Production and Technical Services (CUA40415) at Box Hill Institute or Certificate IV in Screen and Media (CUA41215) at another RTO.

Career Outcomes

Learn the skills to become a lighting assistant, or interactive media or production assistant.

Contribution to VCE, VCAL and ATAR

On successful completion of this program, you will be eligible for:

- › recognition of up to four units of credit at Units 1 and 2 level and a Units 3 and 4 sequence.
- › Students wishing to receive an ATAR contribution must undertake scored assessment for the purpose of achieving a study score. This study score can contribute directly to the ATAR, either as one of the student's best four studies (the primary four) or as a fifth or sixth study.
- › Students who undertake additional training from Certificate III and achieve a further 3 and 4 sequence may be eligible for an increment towards their ATAR (10% of the lowest study score of the primary four).
- › The increment is awarded by the Victorian Tertiary Admissions Centre (VTAC).
- › Further information can be found on the [VTAC website](#)

Student Life Support Services

Student Life delivers free services and programs to help you succeed with your study and life goals and enjoy your time at Box Hill Institute. We will work in conjunction with your secondary school to provide appropriate support. More information about these services is available on the [Student Web](#). The services include:

Student Activities and Representation

The Student Engagement Officer helps make sure the student voice is heard, coordinates activities, events and other recreations and helps oversee friendly student lounges with kitchens and comfortable seating. There are opportunities for students to be involved to gain experience, develop skills, meet other students and have fun.

Educational and Personal Counselling

If you feel stressed or preoccupied by a personal issue, or want to find ways to learn more effectively, you might find it useful to talk with a qualified counsellor. Counsellors assist with many matters, including coping with stress or change, mental health issues, relating to others, assertiveness, time management, and study skills. The service is free and confidential. We also have an online E-counselling service available to enrolled students which can be accessed through the Student Web.

Support for Students with Disabilities

Our Disability Liaison Service (DLS) helps students with a disability to succeed in their course, consulting on individual needs and planning and implementing various adjustments to facilitate participation and success. You can consult confidentially with DLS, provide documentation of your disability or medical condition and register for support. An individual learning support plan can be negotiated.

The Institute is committed to providing equal access to learning opportunities for students who have a disability or medical condition. Where your secondary school has been funded to provide support for you, support can also be implemented via your school in the classroom setting and assist in your participation in your studies at BHI. It is important for students to disclose disability or medical condition so that reasonable adjustments can be made whilst studying.

Contact the DLS via Student Life on 9286 9891 or email dls@boxhill.edu.au

Student Life Support Services

Student Wellbeing Officers

Each Faculty has their own Student Wellbeing Officer to work collaboratively with teachers to engage, retain, and build the success of our students. They plan and provide support, activities, and programs which help students succeed in their courses and build successful pathways to further education or employment.

Support for Indigenous Students

If you are an Indigenous student, you can talk to our Koorie Liaison Officer, who provides cultural, study, welfare, and general support to Indigenous students.

Support Programs and Workshops

Workshops and group programs are run to help students with strategies and skills for success. Some aspects of student life targeted are: transition into your course here, successful study, personal development, organisation and self-management, healthy living, and time and stress management.

When Concerns Arise – Customer Relations Officer

If problems arise for you as a student of the Institute it is important that we address your concerns sooner rather than later. We value and encourage feedback for continuous improvement.
