

Airline Vacation

Combine empty seats with hotel rooms to build competitive holiday packages and increase margins

Peakwork provides full Dynamic Packaging technology and a powerful traffic wall with a combined cache and live API technology.

Increase sales and ancillary revenue with Dynamic Packaging

- ✓ Sell distressed seats in opaque pricing without risking your brand reputation
- ✓ Enhance distribution reach with a new product portfolio
- ✓ Increase ancillary sales with value-added packages
- ✓ Offer inspirational searches based on leading Dynamic Packaging technology
- ✓ Access global hotel supply via established API connectivity

JOIN THE GLOBAL LEISURE TRAVEL NETWORK

Increase sales and ancillary revenue

Flight Distribution into global leisure travel markets

Set up new distribution channels, control offers and enhance distribution efficiency by connecting directly to the partners in the Peakwork network.

Innovate connectivity technology decreases live traffic to your GDS and/or inventory system and allows you to benefit from network synergies.

Supply. Production. Distribution.

With its unique Player Hub Technology®, Peakwork has created a worldwide leisure travel network that directly connects global supply and demand of travel products, live in around 50 countries.

Its flexible and scalable smart cache solutions combined with live (NDC) API connectivity are designed to offer inspirational searches and handle large traffic demands while reducing live requests and related costs.
