Information about the Sub-Fund

The WOOD & Company Blockchain+ Sub-Fund (the “Sub-Fund”) is a sub-fund of WOOD & Company, investiční fond s proměnným základním kapitálem, a.s. (the “WOOD SICAV”), which is part of the broader WOOD & Co. structure and issues investment shares.

The Sub-fund follows a “Fund-of-Funds” strategy, aiming to provide investors with access to a portfolio composed of international blockchain investment funds. These funds vary in terms of strategy and the nature of their investments. The Sub-Fund's goal is to reallocate between these funds throughout the blockchain market cycle, maximizing gains during growth periods while preserving and growing the value of the investment shares during extended downturns.
