Dear Mr. [REDACTED]:

Attached you will find the following documents:

- 1) Property damage photographs;
- 2) Traffic collision report; and
- 3) My client's medical records and billing.

What does this

plus this equal?

[REDACTED]

Straight Leg Raise - Left: Negative.  
Babinski (Plantar flexor) - Right: Negative.  
Babinski (Plantar flexor) - Left: Negative.  
Clonus - Right: Negative.  
Clonus - Left: Negative.

**Assessment and Plan**  
ICD: Cervical radiculopathy (M54.12)  
ICD: MVA (motor vehicle accident) (V88.2XXA)  
ICD: Acquired spondylolisthesis (M43.10)  
ICD: Lumbar radiculopathy (M54.16)

Recommend C5-6 discectomy and total disc replacement at this time. Left arm pain and headaches should improve after this procedure.  
Definitive care for lumbar spine would involve left L4-5 and L5-S1 decompression, as he has radiating pain in the dermatomal distributions and weakness correlating to these two levels.  
F/u 4-6 weeks

Answer? Your insured's policy limits.

This letter will serve as my client's demand for the available policy limits of your insured. Opportunity is often masked in difficulty. Here is your opportunity to protect your insured from exposure to the multi-million excess judgment that is coming down the pike.

This opportunity will vanish in 30 days. It will not reappear. Look me up if you don't believe these words.

Sincerely,  
THE SWANSON LAW GROUP
