

"The bounties of the Blessed Perfection are infinite. We must endeavour to increase our capacity daily, to strengthen and enlarge our capabilities for receiving them."

('Abdu'l-Bahá)

Beloved Friends,

By the time you receive this issue of the Bulletin, we will have moved from the premises at 158A Old Brompton Road. For the time being we have no centre, and all the furniture and other effects are in store. But we have found a suitable and convenient place at 110, Palace Gardens Terrace, Notting Hill Gate, and are waiting for the permission of the County Planning authorities to move in. Immediately the negotiations are concluded, the friends will be notified.

The Brighton Bahá'í Week is now at hand and full details are given in this Bulletin. It is earnestly hoped that many of the London friends will attend one or more of these functions and give valuable support to the teaching efforts made at Brighton. Mrs. Slade is staying there for the whole week, and Mrs. Backwell will be there on Sunday and Monday. It is known that other friends have arranged to attend a number of the meetings. Brighton, as you know, is the Goal Town that we have adopted. We must win the honour of bringing it to Assembly status. And so we are very happy to announce that Vivian Isenthal, our Joint Secretary, is now a pioneer in Brighton. We shall certainly miss her devoted services in London, but we are very proud that she has gone there. Her pioneering will necessitate a by-election. You will receive ~~full~~ ballot papers soon, and the votes will be counted by the tellers at the next 19-Day Feast.

The next Feast, on Tuesday, February 7th, which is the Feast of Mulk (Dominion) will be held by the kind invitation of Mrs. Hyett at her home - 28 Tregunter Road, S.W.10., at the usual time (7 p.m.).

We are very glad to extend a warm, loving welcome to Miss Maria Ermelinda Gradil of Lisbon, who has come to study at the Pitman College.

Mrs. Basil Hall is leaving the hospital soon, and wishes to thank the friends through this Bulletin, for their letters and messages. Our prayers are with our dear Parvin, and we send her our loving wishes for her recovery.

With love in His Fellowship,

The London Spiritual Assembly.
