## PLAYING GOLF AMONG THE SCENTS OF THE MEDITERRANEAN

Inserted in a unique context, with a breathtaking view of the Tuscan archipelago, from the island of Elba to Montecristo, up to Capraia and Punta Ala, and surrounded to the east by the Mediterranean scrub typical of the Tuscan Maremma. From the creativity of the designer Giulio Cavalsani was born an 18-hole championship course, par 72, 6,475 m, all to be discovered surrounded by more than 2500 olive trees, productive and typical of the place.

2,500 olive trees and 3 artificial lakes frame the course, which will certainly satisfy every type of player. The fairways in Bermuda Monaco and the greens in Paspalum Vaginatium, essences particularly resistant to drought, will guarantee the good maintenance of the turf throughout the year. The practice area is made up of a large driving range, approximately 250m long with 10 covered positions and 15 for grass practice, as well as a pitching green and a putting green with 12 holes. A fleet of 15 golf carts is available to players at the caddy master.

## MAREMMA CONSORTIUM

The structure offers discounted agreements with other courses in the area: Punta Ala Golf Club, Il Pelagone Golf Club, Terme di Saturnia Golf and Argentario Golf Club.
