Feelings are welcome

Every time we travel, we carry luggage with us. Of course, it's full of clothes. But also expectations, desires, and impressions. And when we return, it may be lighter or heavier. But it will never be the same. Because each journey is an emotion, and each one is different from the other.

At 4L Collection Hotels, we know this very well. That's why we have our own idea of hospitality.

Welcoming and familiar, like each of our rooms. **Innovative**, like the services we offer in every one of our hotels. But also **authentic and genuine**, like the tarts we prepare each morning for our Guests. For us, hospitality is a pleasure before it is a duty.

And diversity is a value we don't want to give up. That's why each of our hotels, wherever it is, fully embodies the spirit of the place it is located. Opening windows to unique and unmissable moments in one of the most beautiful cities in the world.

When you arrive with your luggage, you won't just find a hotel room. You will find a family and an entire City ready to welcome you.

A new collection with a long story.

In the early 1980s, Lorenzo and Antonio Lazzarini, dreaming of leaving an indelible mark on the Roman hotel scene, founded the Lo.An. Group. Over the years, the hotels grew to number 11, each located in a different area of the city. A choice, an idea, a goal: to offer guests a special experience of the city and its thousand different faces.

T

oday, Antonio Lazzarini has made way for the second generation: Alessandro, Laura, and Beatrice. New ideas, new energy, and a contemporary and reinterpreted vision of hospitality that does not forget the values on which it is founded. Thus was born 4L Collection Hotels.

4L Collection Hotels is a tribute to the initial letter of the family name, as it represents the history and consistency of those who have chosen hospitality as a profession.

A company made and managed by people, united by family ties, which for four decades has welcomed and hosted guests in Rome, offering not only the “quality of staying,” but above all the “pleasure of returning.”

I

n a time when everything evolves and changes rapidly, the Lazzarini heritage today becomes a collection, a different way of being a hotel chain, with a dedicated service proposal and an offering that covers all aspects of hospitality: **4 Leisure, 4 Business, 4 Events, 4 Meeting.**

4L Collection Hotels, 8 hotels with distinct identities, 8 windows of experience to enjoy the unique charm of staying in Rome.
