Q&A

Atrevida

Jess Fierro won a televised homebrew competition and dreamt of opening a brewery. She and husband Rich jumped at a turnkey opportunity to make their community-focused vision into reality. Then the unimaginable happened.

INX INTERNATIONAL

Create beautiful labels accurately with the INX 2-Piece Metal Color Catalog. It is the industry's only true color standard for two-piece metal-can design. Using the catalog and the free Adobe™ Digital Color Library, you'll be able to select, communicate, and approve color efficiently, getting your labels to market quicker.

CANADA MALTING CO.'S FLAKED OATS

Unlike some flaked-oat products, these are produced with cutting-edge cooking technology using a multi-step precision recipe, uniquely designed to target specifications needed for brewers to produce high-quality beverages. Benefits include optimized flavor and mouthfeel, along with added body, high haze potential, brewhouse flexibility, plus consistent and efficient filterability.

ANGEL YEAST CY115 FOR ENGLISH-STYLE ALES

CY115 is a yeast strain selected for English ales with high flocculation and clarity. It produces mild sweet-fruit esters characterized by apple and banana but also allows malt character to be perceived. Produces beer with moderate body and soft mouthfeel. Perfect for English ales, pale ales, and IPAs. en.angelyeast.com/products/distilled-spirits-and-biofuels/beer-yeast.html

BERRY BLEND CRAFT JUICE CONCENTRATE BLEND

Try Old Orchard's new Berry Blend Craft Concentrate to add a flavorful bang to ciders or sours. Excellent for spirits, fruit wine, or mead, and a little goes a long way in seltzers.
