

## About Wiz

Wiz protects everything organizations build and run in the cloud and transforms security by enabling a new operating model. The Wiz CNAPP empowers security and development teams to rapidly identify and remove critical risks in cloud environments, so they can build fast and securely. With Wiz, organizations can prioritize risk and stay agile. Its customers include Agoda, Avery Dennison, BMW, Cushman & Wakefield, DocuSign, Mars, Plaid, Priceline, Salesforce, and Slack, among others. The company is backed by Advent, Aglaé, Andreessen Horowitz, Blackstone, Cyberstarts, Greenoaks, Greylock, Index Ventures, Insight Partners, Lightspeed, Salesforce, Sequoia, Thrive Capital, and Wellington.

## Wiz Fast Facts

- Wiz was founded by Assaf Rappaport, Yinon Costica, Roy Reznik and Ami Luttwak. The four co-founders sold their first startup to Microsoft in 2015 and spent five years building the Azure security stack. Then in 2020, they founded Wiz, a company and platform built for cloud from day one.
- Wiz is headquartered in New York City and has offices in many other cities including London, Paris, Tel Aviv, Tokyo, and Washington D.C.
- Wiz protects 50% of the Fortune 100, as well as many cloud-native growth companies like Snowflake and GitHub.
- Wiz is one of the fastest-growing software companies in the world, having surpassed \$500M ARR in less than five years.
- In March 2025, Google Cloud [announced](#) its intent to acquire Wiz for \$32 billion. The deal is expected to close in 2026.
