### Plastic Surgeon Dr. Julius Few

Few specializes in non-surgical innovations, including a cut-free face-lift to fend off what he says is people's No. 1 complaint: looking like their parents. Plus, he's Goop-approved.

In June, Few performed the lift at the In Goop Health summit in L.A., and he has the photos of him and Gwyneth to prove it. 875 N. Michigan Ave., Magnificent Mile, [fewinstitute.com](http://fewinstitute.com)
