

Luc Greiner

Senior Associate, Brussels

Luc is a Senior Associate at RBB Economics, based in Brussels. Since joining RBB in 2020, he has advised clients on mergers and damages cases before the European Commission, the French Competition Authority and other national authorities.

Luc has provided advice across a wide range of sectors, including public utilities, water technologies and chemicals, the industrial and automotive sectors, the building industry, online platforms, and pharmaceuticals. He has experience in mergers raising horizontal and vertical concerns, including complex Phase I investigations, as well as in follow-on damages cases.

Luc holds a master's in competition economics from Toulouse School of Economics and master's in competition law from University of Toulouse. A French national, he is fluent in French and English.
