

Samuel Lee

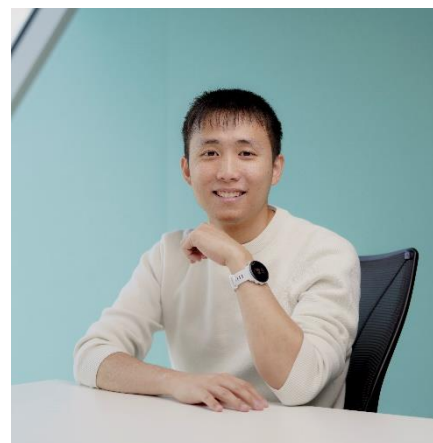

Senior Associate, London

Samuel is a Senior Associate based in RBB's London office. He holds a BA in Economics and MA in Economic Research from the University of Cambridge.

Since joining RBB, Samuel has advised clients on cases before the European Commission as well as various national competition authorities. These cases include mergers, abuse of dominance investigations, investigations under the Digital Markets Act, follow-on damages litigation, and economic analyses of proposed legislative changes.

Samuel's experience spans several industries, including computer hardware, digital markets, metasearch services, motor vehicles, online travel agencies, and sports betting.

Samuel's recent clients include Booking, Google, Micron, and Scania.
