

Important information for you as a supplier to SAAB Group

Dear supplier,

Some time ago, SAAB switched to receiving e-invoices from its suppliers and you are one of those who are not yet sending. By choosing e-invoicing joint administration is streamlined, we protect the environment and our collaboration is strengthened. Therefore we now want you, as an important supplier to Saab, to get started sending e-invoices to us.

- If you use Pagero as an operator: Add the company in SAAB Group (see page 2) to which you will send e-invoices to your customer directory in Pagero Online
- If you are using another operator: Contact your operator to order routing.
- If you don't have a contract with an operator today: SAAB Gives the opportunity to use a free portal to send e-invoices. If you are interested in a more automated solution, Pagero will be happy to help

You will be contacted by Pagero shortly for more information on their services.
