# Solita Oy's notification of agreement transfer and new invoicing details

Dear partner,

Solita Group will simplify its company structure during autumn 2023. As part of simplifying our company structure, Solita Oy's business operations and related agreements will be transferred to its parent company Solita Holding Oy (business ID 2905040-7, VAT ID FI29050407), whose name will be changed to Solita Oy.

Therefore, **Solita Oy with business ID 1060155-5 (VAT ID FI10601555) ceases to be a party to the agreements and does not accept supplier invoices anymore starting 1.12.2023**.

At the same time, we are streamlining our purchase-to-pay processes to deliver on-time invoice payments and accelerating the use of fully electronic invoice receiving. **Starting from December 1st**, Solita will be phasing out the processing of traditional paper and emailed PDF invoices.

The changes will take effect on 1 December 2023, when your agreement will transfer to Solita Oy (business ID 2905040-7).

| **Solita Oy** from 1 December 2023 | |

| Contact: | Peltokatu 26, 33100 Tampere, Finland |
| Invoicing address: | e-invoicing address: 003729050407<br>Operator ID: 003723609900 (Pagero)<br>PEPPOL: 0216:003729050407 |

Solita has partnered with Pagero, a global B2B network, to provide electronic invoicing that will be rolled out for the receipt of all invoices. This transition will ensure on-time payment, increased traceability and strengthen supplier relationships.
Pagero was chosen because they offer the most flexible solutions, value to our suppliers and are able to interoperate with solutions you may already have.

For more information regarding the options available please visit our Project Page.

Additional benefits of trading electronically:

- Minimise errors: apply automated invoice validation and enrichment
- Secure document and data exchange: no data corruption or risk of invoices being lost in the mail or an inbox
- Track and traceability: track the status of your invoices

- Automation of ERP workflow: lower operations costs and eliminate time-consuming and error-prone manual tasks
- Better cash flow: ensure on-time payments
- Fulfil legal requirements: be always up to date and compliant with tax and archiving legislation
- Environmentally friendly: lower paper use and CO2 emissions
- Remote work-ready: do business from anywhere without the need for extra resources like printers, scanners or the postal service.

We require our suppliers to adopt e-invoicing as soon as possible.

To initiate your migration to e-invoicing, we have asked Pagero to reach out to you within the next 10 working days. Pagero will be handling all aspects of this project and will keep us updated on your progress.

If you already have a Pagero account, please login and add Solita to your account using the customer directory in Pagero Online. If you are using another service provider, contact them and ask them to establish the connection with Pagero.

Thank you in advance for your support with this mutually beneficial initiative. We look forward to receiving your invoices electronically.

Henna Vataja
