SARI RITZKYA DEVIYANI

UI DESIGNER

I graduated from art and technology Saxion Enschede 2011 and worked as designer for more than 9 years. I'm looking for something different that suits my schedule, I would like to work 32 hours per week.

My key strengths that would support my success include:

- Outlining project scope, managing timeline and deadlines.
- Tracking and reporting on overall progress.
- Supporting and leading other artist in contribution for campaign marketing projects, web design, game UI's and company portfolio projects.
- Realization of graphic vision and digital branding experience by visual style developments for app, website and features.
- Supporting and execute visual design stages from concept to final hand-off to engineering.
- Working closely together with UX team designer to conduct user research and evaluate user feedback.
- Retaining closed collaboration with the product managers, developers, user experience, artist and the art/copy director.

I believe that my strong key strengths, technical experience and education make me a highly competitive candidate. Please see my website for additional information on my experience. I can be reached anytime via email at kiki@hetmooistelevan.nl or by cell phone +31627188606

Thank you for your time and consideration
I look forward to hear from you,

Sincerely,

Sari Ritzkya Deviyani

I specialized in design website and mobile app on national and international client projects such as; Cup a soup, Microsoft, Becel, Smiths, Lay's, Landal, Mountain Dew, D-reizen, AMBAMBRO, Nuon and KPN.

WHERE I WORK

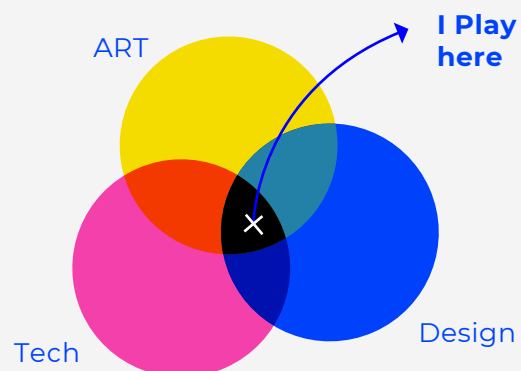

EDUCATION

2007 - 2010 **Bachelor Art & Technology**
Saxion, Enschede - Netherlands

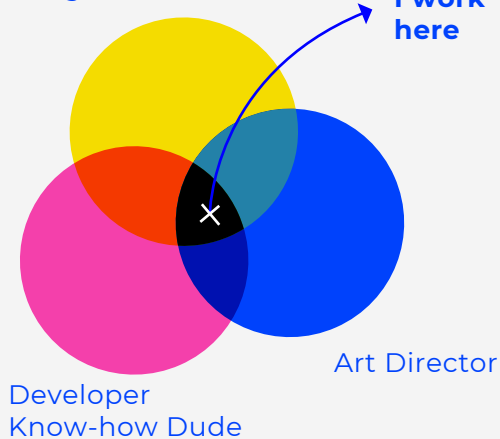

2000 - 2004 **Bachelor Art & Communications**
Itenas, Jawa Barat - Indonesia

Here I play a lot and work with you to help your brand stand out.

I've always had a creative bone in my body. Art, design, education, and technology abound in my sandbox. However, my graphic design skills developed and grew when I worked professionally

UX, Researcher
Design thinker

Here I collaborate with research thinker, developer and art director.

I open to their visions. I can work independently as a UI artist, graphic designer, and art director. I also employ the same work ethic when collaborating with other developers, art directors, and the UX team.
