

NEW TREATMENT

Surgical Excisions (Moles & Lesions)

We are thrilled to announce a significant expansion of our services at CVLC! Board Certified Plastic Surgeon, Dr. Dauria, is now offering expert surgical excisions right here in our office. With Dr. Dauria's expertise and skill, we can now address moles and lesions that are not candidates for laser treatment.

The addition of this service allows us to provide comprehensive care to our valued patients, ensuring that you receive the highest level of medical expertise and personalized care, all under one roof.

INJECTABLES & THREAD LIFTS

2

Whether you want to achieve a refreshed and rejuvenated look, or just need a little summer lift me up, now is the perfect time to establish a personalized injectable and thread lift treatment plan that will smooth, lift and restore facial volume. We specialize in safe, natural, authentic results that help you feel more like you.

SPIDER VEIN TREATMENT

3

"Summer Sclero Season" is in full swing here at CVLC. We understand how important it is for patients to feel comfortable and confident in shorts during their busy Buffalo summers. We are a comprehensive vein center, so we start with a vein ultrasound to rule out any underlying medical issues. These are often covered by insurance. We also offer cosmetic vein solutions for hand veins, facial veins, vascular lesions and blue under-eye veins. Please call the office if you have questions, or would like to find out more about our vein treatment plans.
