

HR MANAGER

manage your
employees

With quick and easy timeclock sign-in and intuitive payroll and vacation time tracking, HR Manager takes the work out of HR work. With an unlimited notepad, checklist, and visual document archive, HR Manager keeps you working efficiently.

YOUR EMPLOYEE HUB

Chart everything about your employees relevant to your practice. HR Manager allows you to track everything from payroll to vacation times. With the office calendar and biographical information stored directly in your computer, you can rest assured that you spend less time signing off on timesheets and more time interacting with your patients.

SECURE

Securely store and maintain employee personal information, pay, and emergency contact details. If you're keeping this sort of sensitive information in paper files, or a less secure program, HR manager is a valuable upgrade to your work security.

ORGANIZED

Whether it's paid time off by employee or personnel notes and documents, HR Manager organizes information clearly and logically. Don't mess with a large stack of papers or folders. Avoid clutter by keeping your HR documents paperless.
