TREATMENT HUB

paperless treatment charting

Treatment Hub keeps all of your most important information regarding a patient's treatment in one centralized location. Designed for efficiency and customization, streamline your treatment process with an organized, paperless workflow.
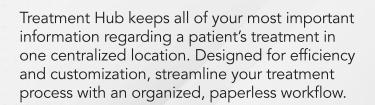

PAPERLESS
Modernize your practice by getting rid of your paper treatment notes, and upgrading to your paperless office with Treatment Hub.

COMPREHENSIVE
View your treatment plan, treatment notes, tooth chart, patient photos, treatment progress, and patient information all from one spot.

CUSTOMIZABLE
View a patient's status the way you want to. See expandable patient IDs and names, alerts, and treatment sequences. Utilize rich text to highlight notes you want to stand out.

ORGANIZED
Treatment Hub is designed with all-inclusivity in mind. Learn everything there is to know at any phase of treatment with one quick look on your screen in an organized and detailed view.
