Hidden Sea*

## RESPONSIBLE PRODUCTION & CONSUMPTION

## CLIMATE ACTION

We started to measure  
our carbon emissions,  
by venue.

We have partnered with  
our suppliers to better  
understand our supply  
chain and make greener  
decisions in what we buy  
(and from where)

## FUNLAB'S SUSTAINABILITY COMMITMENT

Motherfunners aim to have a positive impact on mother earth.  
We aren't perfect, but we are getting better through education and making more sustainable decisions every day.
