Outdoor shed

While working outside might seem nice, the lack of comfy furniture and the glare of the sun on your laptop or smartphone screen might cause a lot of discomfort. Until now. With the launch of the BuzziShed, designed by Jean Pierre Galeyn and BuzziSpace Studio, you can now work or spend time outside in this stylish outdoor shed, protected from sunlight and even from the rain. The BuzziShed can also be used as a garden shed on cool or rainy days or to create meeting points in a large open space.
