BuzziTripl Home
Product Specification Sheet

This document contains technical
information about the BuzziTripl Home

·BUZZI
SPACE

Room and desk partition for your home office
BuzziTripl Home family was specifically designed with compact homes and the new ways of working in mind. Create a small, temporary office for focused work with BuzziTripl Home Low and use BuzziTripl Home High as a screen to hide any visual clutter that may appear in the background during video meetings, as well as a room divider and kid's playroom. Both are so light and flat, that you can easily pick them up, move them around and store them under the bed or in a cupboard. From now on you'll be able to concentrate and create separate spaces with these bicolor (off white/anthracite), compact and tack-able solutions. They're are made of 3 layers of felt with Velcro strips.

Design by BuzziSpace Studio
