## A shield for uninterrupted focus

Focus areas are not limited to privacy booths and soundproof rooms. They come in many shapes and sizes. BuzziWrap FrontDesk is proof of that. With its large front, it converts a regular desk into a more private workstation, shielding out noise and distractions, to allow for uninterrupted focus, while concealing the cable cord clutter, which typically hangs off the rear of a desk. Easily attach it to almost any desk and choose among all the vibrant BuzziFelt colors to brighten up your workspace.
