- 1.2.3. The Trading Program applies exclusively to Investment Shares (i.e. open-ended collective investment instruments) and is carried out within the scope of market trading in Investment Shares on the Regulated Market. The setting up of the Trading Program does not, however, affect the right of J&T SECURITIES to carry out other trade in the Investment Shares, under different conditions, including at different prices, both outside the Regulated Market and on the Regulated Market. Furthermore, the setting up of the Trading Program does not affect in any way the right of J&T SECURITIES to subscribe for Investment Shares from J&T ARCH itself or to exercise the right to redeem Investment Shares under any terms and conditions whatsoever (including price).
- 1.2.4.
