

Class Package Deals

The ELS class package deal means you receive discounts if your child dances in more than one class. This is created to not only make it easier on you but to increase the number of children dancing in multiple classes each week. Dancing more than once a week will increase your child's growth and confidence more than you can imagine.

I highly recommend Ballet or Jazz for every child. I say this because it provides students with the technique to be able to excel in all styles of dance. It corrects posture and alignment, strengthens the body in ways that prevent injuries and it will make all other classes that bit easier. In saying that I recommend that you trial your child in multiple classes for a challenge and to see how they go with something a bit different and of course to see which class they enjoy the most!

The discounts are:

2 class pack – receive 5% off both classes

3 class pack – receive 7% off all class

4+ class pack - receive 10% off all classes
