

Swinger 3000 & 4000 Poster Insert

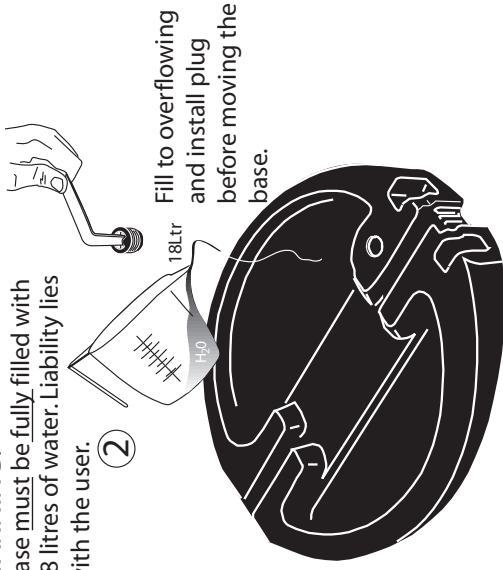

Assembly Instructions

WARNING!

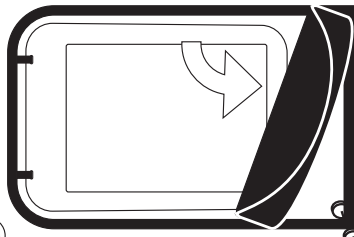

Base must be fully filled with 18 litres of water. Liability lies with the user.

2

Fill to overflowing and install plug before moving the base.

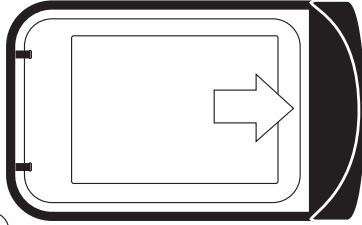

3

Cut outs in base at this end

Wheels

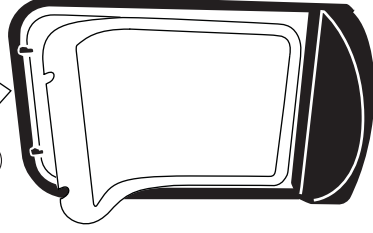

4

These cut outs in the base fit over the wheels on the frame

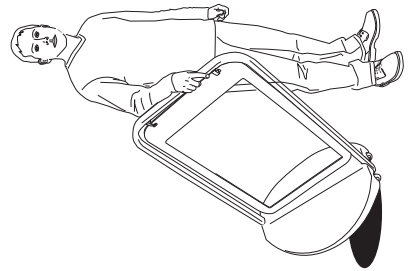

5

Insert poster

IMPORTANT:

Only the top 300mm (1 ft) of the panel will open!
Do NOT use force to open any further.

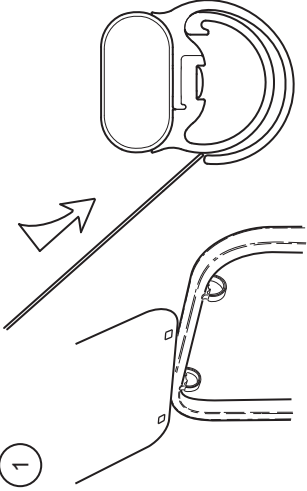

Once assembled, the whole sign can be easily moved without the need to remove the base.

We wish to point out that it is the responsibility of the shop owner/user to ensure that the siting of this pavement sign complies with all the local By Laws and Highway Regulations.

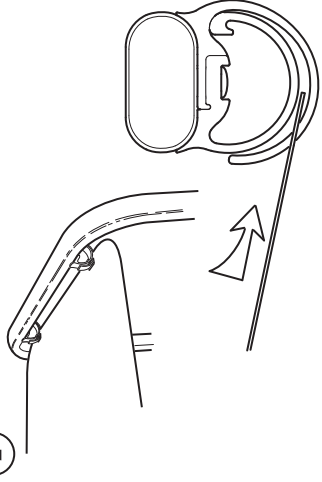

Panel Installation

1

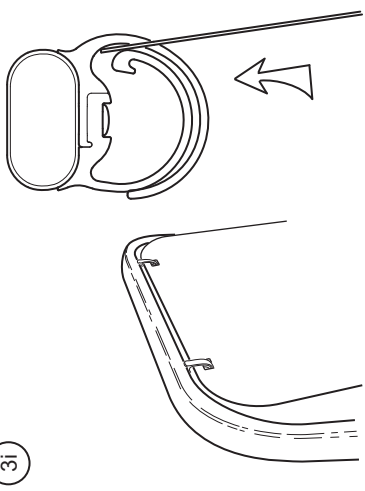

From the front of the frame, feed the panel into the open ends of the straps.

2

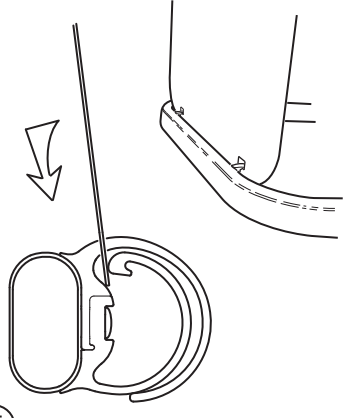

Continue feeding the panel in, following the loop of the straps.

3i

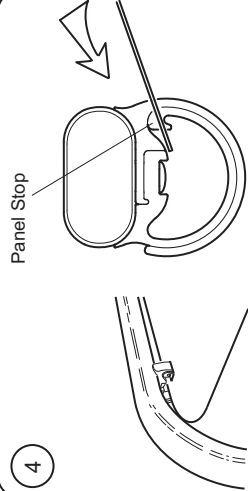

until...

3ii

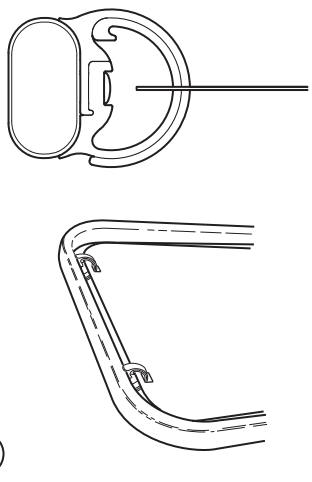

4

Panel Stop

5

Installed Panel

... the panel reaches its full movement, there will be a 'CLICK' as the panel snaps over the Panel Stop inside the strap.
