

# 8 Panel Display Stand

## How to assemble the 8 Panel Display Stand with Aluminium Frame

- Remove the top and base panels from the cardboard packaging.
- Take the base panels with the protruding pins and place into a “W” shape.
- Lift and place the top panels onto the base panels.
- Locate the pin into the sockets in the top panels.
- Attach the header panels by locating the pins into the sockets of the centre panels.
- Attach Display material using hook Velcro.
- Please note that due to the nature of the panel core, drawing pins are not recommended for continuous/ changing use.

## To dismantle this Display Stand

- Remove the header panels.
- Lift one of the outer top panels away from the locating pins and fold the remaining panels together (concertina style).
- Lift the folded top panels away from the base panels.
- Fold the base panels (concertina style).
- Place all components back into the cardboard packaging.
