DESCRIPTION

Hurricane Run is a stunning luxury motor yacht built by the renowned Dutch shipyard Feadship in 2009. With a length of 53.5 meters (175'6") and an impressive range of features, Hurricane Run offers comfortable accommodation for up to 12 guests in six cabins, including a master suite, two double cabins, two twin cabins, and one single cabin. The yacht is also capable of carrying up to 12 crew members, ensuring a relaxed and luxurious charter experience.

Hurricane Run boasts multiple decks that are perfect for relaxation and entertainment, both indoors and outdoors. The yacht's interior styling is the work of the English designer Terence Disdale, and the attention to detail is evident in every area of the yacht.

Onboard, guests can enjoy a wide range of amenities, including a gym with the latest equipment for maintaining fitness routines, and a deck Jacuzzi for a relaxing soak with a glass of champagne. There is also Wi-Fi connectivity, allowing guests to stay connected at all times, and air conditioning to ensure comfort no matter the weather.

Hurricane Run has a steel hull and an aluminium superstructure, providing greater onboard space and stability when at anchor. The yacht is powered by twin Caterpillar engines, which allow for a comfortable cruising speed of 13 knots and a maximum speed of 15 knots, with a range of up to 4,500 nautical miles at 12 knots. The onboard stabilisation system reduces side-to-side roll, ensuring exceptional comfort levels for guests at anchor or underway.

For entertainment on the water, Hurricane Run has a wide range of water toys and accessories, including towable toys, waterskis, diving equipment with PADI certified professionals, a seabob, wakeboards, kayaks, windsurfers, fishing equipment, and much more. The yacht also features two tenders, including a Novurania Inboard for stylish transportation.

Overall, Hurricane Run is an exceptional yacht for an unforgettable yacht charter vacation, whether cruising in the Mediterranean during the summer or elsewhere during the winter months.
