Sunrays

OCEANLUX

DESCRIPTION

Sunrays is an impressive luxury motor yacht built by Dutch shipyard Oceanco in 2010, available for charter to accommodate up to 12 guests in 9 cabins. The yacht features a sleek exterior design with a distinctive "dagger" motif, inspired by Bjorn's earlier award-winning "Mirage" concept design. The interior is designed by Terence Disdale and features rare finishes such as hand-carved doors, mother of pearl, cow horn veneers, crushed shell, shagreen, parchment, and various suedes and leathers.

Guests can enjoy the onboard amenities such as a dancefloor, beauty salon, spa, elevator, underwater lights, beach club, and gym. The yacht also features a pool, jacuzzi, steam room, and the latest beauty and hair treatments in the luxurious beauty room. Guests can also take advantage of the waterslide, four Yamaha FX SHO CR WaveRunners, towable toys, waterskis, scuba diving equipment, a seabob, wakeboards, kayaks, and much more.

Sunrays is powered by twin MTU engines, allowing it to comfortably cruise at 14 knots and reach a maximum speed of 20 knots. The yacht has a range of up to 7,850 nautical miles from its 287,600-liter fuel tanks at 12 knots. The yacht is also equipped with at-anchor stabilizers, ensuring exceptional comfort levels.

The guest accommodation comprises a master suite, three VIP cabins, two double cabins, and two twin cabins, all offering excellent service provided by 27 crew members. The yacht is air-conditioned and equipped with on-board Wi-Fi to keep guests connected.

Sunrays is currently accepting bookings for the Indian Ocean this winter and the Mediterranean this summer, making it an excellent choice for those seeking a luxurious yacht charter experience with superb amenities and unparalleled comfort.
