ENHANCING THE QUALITY OF LIFE IN THE PHILADELPHIA SUBURBS

From aesthetic medicine to urology, your guide to the Philadelphia suburbs' most skilled and best trained physicians

Laughter may be the best medicine, but there's no substitute for a well-schooled, battle-tested physician. Trained in the latest treatment techniques and technologies aimed at preventing, combating and curing disease, the leading physicians throughout the Philadelphia suburbs—both homegrown and transplanted from elsewhere—are among the best in the country, if not the world.

Through exhaustive data vetted by our partner Best Doctors Inc. and listed on the following pages, we're letting you know exactly which men and women to turn to when you are in need of premier medical care. In addition, hundreds of readers casted votes on our website, SuburbanLifeMagazine.com, to tell us which physicians they turn to when it comes to keeping them and their families healthy.

In all, we present nearly 400 physicians—in specialties ranging from aesthetic medicine to urology, with dozens of others in between—all motivated by a singular goal: to ensure the wellness of those living throughout the Philadelphia area.

Readers' Choice

No matter what ails you, the suburbs' leading medical professionals stand ready to help. Through our website, SuburbanLifeMagazine.com, *Suburban Life* readers let us know who they turn to when it matters most.
