### TRUSTED SOURCE FOR BONE REGENERATION PRODUCTS

ACE SOUTHERN is one of the only dental companies to receive accreditation from the AATB® (American Association of Tissue Banks). This means we operate under stringent guidelines set forth by the AATB to process and provide safe quality human tissue with our flagship alloOss® product portfolio.

Additionally, ACE SOUTHERN offers a complete portfolio of regenerative products including Nuoss® xenograft, an array of resorbable membranes and bone viable matrix products with growth factors.

### KNOWLEDGEABLE PHARMACEUTICAL COMPLIANCE

It is our mission to make ordering and inventorying your pharmaceuticals as stress free as possible. Our NABP® Drug Distribution Accreditation ensures that the pharmaceuticals we ship are 100% authentic, protecting you from counterfeit drugs. As a provider of controlled substances, ACE SOUTHERN adheres to the highest standards so your practice and patients can feel confident.

ACE SOUTHERN is proud to be your trade partner for Class II drugs using the E222 form. The Federal DEA has created the Controlled Substance Ordering System (CSOS) to allow registrants to submit their 222 form electronically without the use of manual paperwork; allowing for a much quicker and efficient ordering process for your narcotics.

### ACESOUTHERN.COM

The online store at ACESOUTHERN.com is more than just easy online ordering. You can manage your account, check your status with the Alliance Program, and receive exclusive online offers.
