

Dear guest,
Our most important goal is to improve your stay at our campground while maintaining our beautiful landscape.
Protecting the environment makes your vacation more fun!

OUR THREE PRIORITIES

Avoid	Avoid unnecessary car trips as well as packaging. Buy products with the least packaging.
Reduce	Reduce use of water and energy.
Recycle	Separate your trash carefully at our collection points.

SEPARATE WASTE COLLECTION

 Glass	Glass bottles and jars without fasteners
 Aluminium/Cans	Drink and tin cans, metal fasteners
 Batteries	Household batteries and small rechargeable batteries
 PET	Flatten the bottles
 Paper	Newspaper, catalogues, flattened cartons, paper packaging
 Other trash	Waste which do not belong in any of the containers listed above. Plastic bags are obligatory and must be closed.
 Special trash and bulky items	We do not collect these but will gladly inform you of the possibilities for their disposal.

Heartfelt thanks!
Once again we wish you a pleasant stay at our campground.
