

ARP-ESSER Application: Part 2 - ARP ActIntroduction/Instructions - Summary & Background

Summary & Background

BROOME ST ACADEMY CHARTER HIGH SCHOOL

310200860992

SUMMARY & BACKGROUND

On March 11, 2021, the President signed into law the American Rescue Plan Act of 2021 (ARP). ARP makes available \$122.8 billion nationally in a third round of Elementary and Secondary School Emergency Relief (ESSER) funds. New York State has been allocated nearly \$9 billion under the ARP Act's Elementary and Secondary School Emergency Relief (ESSER) Fund. The ARP Act requires that a minimum of \$8.09 billion (90 percent) be allocated to LEAs, including charter schools and Special Act School Districts that are LEAs. Pursuant to the terms of the ARP Act, LEA allocations have been calculated using the relative shares of grants awarded under Title I, Part A of the ESEA for the most recent federal fiscal year (2020). Each eligible LEA's ARP-ESSER allocation may be found [HERE](#).

Under section 2001(d)(2) of ARP Act of 2021, each State Educational Agency (SEA) must make ARP-ESSER allocations to LEAs in an expedited and timely manner and, to the extent practicable, not later than 60 days after the SEA receives its ARP-ESSER funds. The first portion of ARP-ESSER Funds was awarded to states on March 24, 2021, and 60 days from that day is May 24, 2021. The U.S. Department of Education (USDE) has taken the position that an SEA makes allocations when it authorizes the LEA to begin to obligate funds in accordance with its needs. To enable New York State's LEAs to begin to obligate ARP-ESSER funds by USDE's May 24, 2021 deadline, the application for LEA 90% base ARP-ESSER allocations is being administered by NYSED as a two-part application process:

ARP-ESSER Application – Part 1: The first step was for each LEA to submit signed assurances to NYSED by May 24, 2021. Upon receipt of signed LEA assurances, NYSED provided an email notice to the LEA of substantially approvable application status. Upon receipt of such notice, LEAs were able to begin obligating their allocation of 90% base ARP-ESSER funds.

ARP-ESSER Application – Part 2: The second step will be the submission of a full application and budget by the LEA. NYSED will issue a Grant Award Notice (GAN) to the LEA after the LEA's application is fully reviewed and approved by NYSED. Part 2 will address several of the plan-related assurances an LEA must provide in Part 1 of the application process.

The ARP Act requires LEAs to reserve at least 20% of their 90% ARP-ESSER allocation to address learning loss through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs, and ensure that such interventions respond to students' academic, social, and emotional needs and address the disproportionate impact of the coronavirus on economically disadvantaged students, children with disabilities, English learners, racial and ethnic minorities, migrant students, students experiencing homelessness, and children and youth in foster care. For your information, the minimum 20% reservation for each LEA may be found [HERE](#).

Project Period

March 13, 2020 to September 30, 2024 to obligate funds. Funds must be fully liquidated by October 31, 2024.

Project Number

The project number stem for the program is:

ESSER: 5880 - 21 - XXXX

This number should be used on the appropriate FS-10 budget form.

Submission Deadline

Completed applications are due by **August 31, 2021** (with extensions by request), and will be reviewed on a rolling basis.

Please note that applications must be submitted and fully approved by no later than March 23, 2022. LEAs that have not been issued a Grant Award Notice by that time will be at risk of having their ARP-ESSER allocation returned to the United States Department of Education.

ARP-ESSER Application: Part 2 - ARP Act

Introduction/Instructions - Summary & Background

APPLICATION PROCESS FOR LEA ALLOCATIONS OF ARP-ESSER SEA RESERVE FUNDS

The federal ARP statute requires SEAs to reserve:

not less than 5 percent of the total amount of grant funds awarded to the State (\$449.4 million) to carry out activities to address the impact of lost instructional time by supporting the implementation of evidence-based interventions;

not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based summer enrichment programs; and

not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based comprehensive afterschool programs.

The 2021-22 enacted state budget directs that these required SEA set-asides be allocated as grants to specified school districts. Each eligible district's allocation of SEA reserve funds may be found [HERE](#). NYSED will inform school districts under separate cover when the application process for school district allocations of ARP-ESSER SEA set-aside funds has been published in the [SED Monitoring and Vendor Reporting System](#). This application is only for LEA 90% base ARP-ESSER allocations. LEAs should not apply for ARP ESSER SEA Reserve funds as part of this application.

ARP-ESSER Application: Part 2 - ARP Act

Introduction/Instructions - Submission Instructions

Submission Instructions

BROOME ST ACADEMY CHARTER HIGH SCHOO

310200860992

Directions for Submitting the Application:

The online application may only be submitted/certified by the chief school officer of the applicant LEA. The designated superintendent (public school LEAs), and the chief executive officer, board of trustees president, or school employee designated by the board of trustees (charter school LEAs) are the only administrators with the submit/certify rights necessary to successfully submit and certify a completed application for NYSED review.

LEAs ARE NOT REQUIRED to send hard copies of general application materials to the Department.

LEAs ARE REQUIRED to send signed originals and two hard copies of each FS-10 Budget Form to:

Office of ESSA-Funded Programs - Rm 320 EB

BROOME ST ACADEMY CHARTER HIGH SCHOOL

310200860992

Title VIII of Division B of the CARES Act directs the Department to carry out the Education Stabilization Fund, of which the ARP ESSER funds are a part. Section 2001 of the ARP Act provides for the Department to make grants to each SEA from the ARP ESSER funds. An SEA must allocate at least 90 percent of its ARP ESSER grant funds to its LEAs (including charter schools that are LEAs) in the State in the same proportion that the LEAs received under part A of title I of the ESEA in Fiscal Year 2020, as required by section 2001(d)(1) of the ARP Act; and section 2001(e) of the ARP Act prescribes certain mandatory and permissive uses of LEAs' funds. Under 20 U.S.C. 1221e-3, the Secretary has the authority to promulgate rules governing the programs administered by the Department. Under this requirement, each LEA that receives ARP ESSER funds must develop, submit to the SEA on a reasonable timeline determined by the SEA, and make publicly available on the LEA's website, a plan for the LEA's use of ARP ESSER funds. The plan - known as the LEA ARP ESSER Plan - and any revisions to the plan submitted consistent with procedures established by the SEA, must include a description of key activities which are required below.

NYSED will consider each LEA's application for its base 90% ARP-ESSER allocation as meeting the USDE LEA ARP-ESSER use of funds plan requirement, provided the required elements of the plan are fully addressed in the LEA's application, combined with a budget, and then publicly posted after being developed with public input.

An LEA must engage in meaningful consultation with stakeholders and give the public an opportunity to provide input in the development of its plan. Specifically, an LEA must engage in meaningful consultation with students; families; school and district administrators (including special education administrators); and teachers, principals, school leaders, other educators, school staff, and their unions. Additionally, an LEA must engage in meaningful consultation with each of the following, to the extent present in or served by the LEA: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students.

Each LEA's ARP ESSER plan must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

- 1. In the space provided below, please describe how the LEA meaningfully engaged a diverse and representative set of the applicable stakeholders in developing a plan to use these funds and implementing that plan.**

To develop a plan for our ARP funds, we engaged a diverse set of stakeholders that represent the students we will serve with these funds. We accomplished this by providing a survey seeking the input of our stakeholders, including families, staff and faculty, and school leadership, on the use of our funds. The survey included an opportunity for respondents to express their priorities for supporting students as they return to school after COVID-19. The survey was sent to our community in November 2021, including parents and staff, as well as other stakeholders such as The Door. In addition, we posted a link to the survey on our website, allowing for anyone to contribute feedback. We used the results of this survey to design our plan for spending ARP funds.

- 2. In the space provided below, please provide the URL for the website(s) where the LEA ARP-ESSER Plan is/will be publicly posted. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

ARP-ESSER LEA Base 90% Allocation - Program Information

ARP-ESSER Application: Part 2 - ARP Act

LEA ARP-ESSER Plan - ARP-ESSER Plan Development & Program Information

- 3. In the space provided below, please describe the extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning.**

Our ARP grant is largely for tutors to remediate learning loss and provide social-emotional support. Therefore, other grants besides ARP have dealt more with CDC guidance.

- 4. In the space provided below, please describe the data that the LEA will use to identify student needs and monitor student progress as a result of planned interventions and supports.**

We use the following assessments to ascertain student academic and social emotional needs and determine whether students need intervention:

Assessment	Purpose
NWEA Map	Academic interim assessment
Panorama	The Panorama Well-Being Survey is focused on student wellness and mental health. The survey can help district administrators, counseling directors, and educators understand students' positive feelings, negative feelings, and the social support that students receive from and provide to others.

As part of the implementation of our cohort model, we monitor the progress of our students throughout the year and design appropriate interventions if growth toward academic goals is not being accomplished. Our Academic Deans meet weekly to review student data and identify the needs of our SWD.

Inherent in our model is an emphasis on social-emotional health. Our social work department includes a Director of Social Work, four Social Workers (including the Attendance Social Worker) and two School Counselors. The special education and social work departments collaborate closely to support students at BSA. Often, students receiving counseling have been referred to the Director of Special Education to be evaluated for a 504 plan. Nearly three-quarters of our students with IEPs have mandated counseling.

A portion of our 2020 summer school program and the summer bridge program for incoming first-year students covered self-management skills to support returning to in-person learning, such as how to prioritize emails, how to ask a teacher for help, and how to set a schedule.

We closely track the progress of students receiving interventions and adjust student plans accordingly.

- 5. In the space provided below, please describe how the LEA will use the funds it reserves under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year.**

We are allocating our entire ARP allocation to implement a robust tutoring program through Great Oaks. Great Oaks provides Americore tutors to be staffed at our school to help our students recover from learning loss in areas including ELA, math, other core subjects, and community-building. There is extensive research demonstrating the positive academic effects associated with high-dosage tutoring and peer-assisted learning strategies. By providing students with access to 17-20 dedicated tutors over the course of the school year, we are confident that working with Great Oaks will address learning loss and improve outcomes for all of our students, including students with disabilities, English language learners, low-income students, and other at-risk groups.

- 6. In the space provided below, please describe how the LEA will spend its remaining ARP ESSER funds consistent with section 2001(e)(2) - the allowable uses of funds - of the ARP Act.**

The entirety of our ARP ESSER funds are allocated to our tutoring program. Please see above for more information.

ARP-ESSER Application: Part 2 - ARP Act

LEA ARP-ESSER Plan - ARP-ESSER Plan Development & Program Information

7. **In the space provided below, please describe how the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.**

Our staff members are committed to supporting all students, including our students disproportionately impacted by the COVID-19 pandemic, with the transition back to in-person learning. We will ensure that the interventions we implement, including but not limited to the interventions implemented under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.

Please see a summary of the needs we are addressing.

Through our unique partnership with The Door, all BSA students have had access to the services offered by The Door, all at no cost and in the same building as their school. These services include: primary and reproductive health care and education, mental health counseling and crisis assistance, legal assistance, academic and college-preparatory services, career development, job training and placement, supportive housing, sports and recreational activities, arts programming, and daily nutritious meals.

- **Academic needs for at-risk students:**

At least half of our students each year are either classified as a student with a disability (SWD) or an English language learner (ELL) or, though not qualifying for an IEP, receive targeted academic interventions.

BSA uses an inclusive approach and cohort model. As part of the implementation of our cohort model, we monitor the progress of our SWD, ELLs, and students at risk for academic failure throughout the year and design appropriate interventions if progress toward academic goals is not satisfactory. Our cohort leaders meet weekly to review student data and identify the needs of our students. Sometimes, data trends indicate a need for a more structural shift. For example, prior years' Algebra Regents outcomes informed our decision to introduce a two-year course for Algebra in 2019-20. This supports students who need more time in Algebra for a variety of reasons and helps them pass the Regents Algebra exam at a point at which they are fully prepared to take the exam.

Our capacity to design, implement, and measure the success of supports for at-risk students is facilitated by our organizational structure. The Dean of Diversity, Equity, and Inclusion leads a team of special education-certified teachers and a full-time Math Tutor. This position provides one-on-one math tutoring for students with IEPs. We follow a codified Response to Intervention (RTI) model and use PowerSchool to track student data in the RTI cycle.

Caregiver communication is an important element in our approach to supporting SWD, ELLs, and at-risk students. We proactively update caregivers on their students' progress and ensure ongoing engagement through periodic and meaningful contacts throughout the school year, including IEP re-evaluation meetings, and yearly IEP review meetings.

- **Social-emotional needs for at-risk students:** BSA implements "the CHAMPION Model," which pairs every staff member with a group of students to develop relationships and build problem-solving, self-advocacy and self-efficacy skills. This program includes our advisory period, which is critical to supporting students' social-emotional health.

- **Mental health needs for at-risk students:**

BSA's population includes many students who are most at-risk for dropping out of high school. For a majority of our students, their personal day-to-day circumstances can cause a substantial amount of trauma that must be addressed to fully support our students' success at BSA. We know they need more than a responsive academic program. Our social work department includes a Director of Social Work, four Social Workers (including the Attendance Social Worker) and two School Counselors. Our approach to social work at BSA is rooted in data and evidence-based practice. Since 2017, BSA has administered a research-based survey developed specifically to identify students' mental health needs. We use the results of this data both to identify students in need of counseling and to track the progress of students receiving counseling. BSA provides both mandated and non-mandated counseling for students through our social work department, (both short-term and long-term). In addition, BSA refers students for

Section 2001(i)(1) of the ARP Act requires each LEA that receives ARP ESSER funds to develop and make publicly available on the LEA's website, not later than 30 days after receiving ARP ESSER funds, a plan for the safe return to in-person instruction and continuity of services for all schools, including those that have already returned to in-person instruction. Section 2001(i)(2) of the ARP Act further requires that the LEA seek public comment on the plan and take those comments into account in the development of the plan. Finally, section 2001(i)(3) of the ARP Act states that an LEA that developed a plan for the safe return to in-person instruction and continuity of services prior to the date of enactment of the ARP Act will be deemed to have met the requirement to develop a plan under section 2001(i)(1) as long as the plan meets the statutory requirements (i.e., is publicly available on the LEA's website and was developed after the LEA sought and took into account public comment).

The LEA's plan must include how it will maintain the health and safety of students, educators, and other school and LEA staff and a description of any policies it has adopted regarding each of the CDC's safety recommendations, including universal and correct wearing of masks; modifying facilities to allow for physical distancing (e.g., use of cohorts/podding); handwashing and respiratory etiquette; cleaning and maintaining healthy facilities, including improving ventilation; contact tracing in combination with isolation and quarantine in collaboration with the State, local, territorial, or the health departments of Native American Nations; diagnostic and screening testing; efforts to provide vaccinations to school communities; appropriate accommodations for children with disabilities with respect to health and safety policies; and coordination with State and local health officials.

The plan must describe how the LEA will ensure continuity of services, including but not limited to services to address students' academic needs and the social, emotional, mental health and other needs of students and staff, which may include student health and food services.

LEA plans must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

NYSED will permit previously developed LEA re-opening plans to satisfy the ARP statutory requirement for the safe return to in-person instruction and continuity of services. LEAs must make any necessary updates to existing plans to conform with the USDE requirements within 30 days of receipt of ARP-ESSER funds and to review (and revise if appropriate) plans every six months thereafter (until September 30, 2023).

- 1. In the space provided below, please provide the URL for the website(s) where the district's most current re-opening/return to in-person learning plan is/will be located. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

<https://broomestreetacademy.org/compliance/>

ARP-ESSER Application: Part 2 - ARP Act

LEA ARP-ESSER Plan - ARP-ESSER Return to In-Person Instruction

2. **An LEA must periodically, but no less frequently than every six months (through September 30, 2023), review and, as appropriate, revise its plan. Consistent with section 2001(i)(2) of the ARP Act, which requires an LEA to seek public comment on the development of its plan, an LEA must seek public input and take such input into account in determining whether to revise its plan and, if it determines revisions are necessary, on the revisions it makes to its plan, i.e., the LEA must seek public input on whether to revise its plan and on any revisions to its plan no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools). If the LEA revises its plan, the revised plan must address each of the aspects of safety currently recommended by the CDC or, if the CDC has updated its safety recommendations at the time the LEA is revising its plan, each of the updated safety recommendations.**

In the space provided below, please describe how the LEA will review and regularly update (at least every six months through September 30, 2023) it's plan for in-person instruction, including a description of how public comment will be collected.

We will review our plan for in-person instruction at least every 6 months, using data sources including health and safety data, as well as academic, attendance, and social-emotional data. We will consider whether updates are needed to address health and safety, scheduling, and all other parts of the plan. When considering a modification to the plan, we will provide opportunities for the public to comment on our proposed modifications via an announcement on our website as well as through our email newsletter.
