### **About Broome Street Academy Charter High School**

Broome Street Academy (BSA) is a tuition-free public charter high school devoted to providing students the necessary skills and support to graduate prepared for a successful future beyond high school. Our admissions policy gives preference to siblings and students who are homeless, in foster care, or from low-performing schools.

BSA is uniquely situated within our community partner, The Door. Founded in 1972, The Door empowers educationally and economically disadvantaged youth to reach their potential by providing a complete range of services all under one roof. Each year over 11,000 young people from all five New York City boroughs come to The Door to access a multitude of support and services.
