

# ABAX GROUP AS PUBLISHES PRESENTATION FROM DNB CARNEGIE DIGITALISATION SUMMIT

**Larvik (Norway), January 14, 2026** | ABAX Group AS, a leading provider of connected mobility and smart operations solutions, today participated in the DNB Carnegie Digitalisation Summit. In connection with the event, ABAX Group AS has published the presentation held at the summit on 14 January 2026.

The presentation, presented by CEO Emma Dyga, includes an overview of ABAX Group's business, strategy and key financial highlights, and outlines ABAX Smart Operations.

An on-demand stream from the event will be published at: <https://dnbcarnegie.videosync.fi/digitalisation-summit-2026>

The presentation is attached to this release and is also available on the company's website ([www.abax.com](http://www.abax.com)).

## About ABAX

ABAX Group is a leading provider of connected mobility and smart operations solutions, serving more than 40,000 customers across Europe. Our scalable, easy-to-use platform tracks and manages every asset in real time, helping businesses optimize operations through adaptive intelligence and actionable insights – including through ABAX's insurance subsidiary Fair Insurance, which provides Usage-Based Insurance (UBI) by leveraging driving insights to reward safer driving.
