

RGBE

SINGLE D RESTRAINT BELT

The RGBE is a restraint belt and is fitted with one D ring attachment mounted at the rear and features the standard padded back support.

As with the RGB2, the RGBE is normally used in conjunction with an RGL5 restraint lanyard, or a rope and grab system. It is important that the user understands the difference between fall arrest and restraint before using this item.

- / 1 x rear D ring
- / Padded back support
