

"Contractors Working Smarter"

7th May → Gisborne
23rd July → Tokoroa
20th August → Whangarei
22nd October → Nelson

Managing Risk in Forest Contracting

What will be covered?

- Market Risk
- Forest Demographics
- Forest Manager/Owner – Longevity, experience etc.
- Geographic Location of Forests
- Business Management including Financial risks, Compliance and Structure
- Employment / subcontractor accounting including contracts and/or employment agreements
- Insurance Risks
- Risk through the eyes of a finance company

Who is delivering the content?

Garth Beker from Beker Findlay Allan will be running these workshops, along with key speakers from TLC/Vero and UDC Finance.

Garth specialises in the business of forestry, business systems, tenders, costings, pricing a proposal and the emissions trading scheme. He does evaluations of forest investment options, and forest industry contracts. Garth is also experienced in road transport contracting, information systems and driver management.

Garth Beker

Who should attend?

Logging contractors, silviculture contractors, and log cartage contractors should attend. You can expect to get interactive learning from the examples being discussed for your benefit, as well as tools to take back to your own company.
